# University of Montana

The University of Montana in Missoula is located in a mountain forest setting in beautiful Western Montana. It is halfway between Glacier and Yellowstone national parks.

Four wilderness areas are located near Missoula. The natural surroundings offer excellent opportunities for hunting, fishing, backpacking, river floating, camping and other outdoor recreational pursuits. Two excellent winter ski areas are located within minutes of the University. Several other ski areas are only a couple of hours away by car. UM owns and operates its own golf course adjacent to campus.

The University of Montana is one of the West's pioneers in education and was chartered February 17, 1893. The school opened in September 1895, with 50 students enrolling the first day. Located on 201 acres at the base of Mount Sentinel, UM has grown from 50 students and seven faculty members to a present enrollment of 8,500 and approximately 450 full-time faculty positions.

Through its history, the University of Montana has

sustained a high standard of academic excellence in teaching, research and service.

UM offers associate of arts degrees in two areas and bachelor's degrees in 58 fields. It offers master's degrees in 54 programs and doctoral degrees in 13.

The College of Arts and Sciences, which is the core of the University, includes a full range of programs and courses in the life sciences, physical sciences, social sciences and humanities. The College also offers curricula in interdisciplinary fields ranging from ethnic studies to interdepartmental studies.

Seven professional schools complete the academic program — Business Administration, Fine Arts, Journalism, Education, Forestry, Law, and Pharmacy and Allied Health Sciences.

The aim of the University is to provide its students with relaxing and meaningful learning experience with the best facilities possible. The administration, faculty and staff strive for this goal.

# Academics at UM Add Up To Success

The University of Montana was recently awarded its 23rd Rhodes Scholar. This ranks UM 19th in the nation of all American colleges and universities. UM ranks sixth among schools west of the Mississippi. Rhodes Scholarships provide two to four years at Oxford University in England. Students are chosen on the basis of scholarships, community and political involvement, athletic ability and personal character.

The Yellow Bay Biological Station, located about 70 miles northeast of Missoula at Flathead Lake, is the nation's oldest inland station. Among some 70 inland units in the United States, the UM ranks fifth for its program facilities and student population.

KUFM, a noncommercial public radio station operated by the radio-television department of the School of Journalism, is the only National Public Radio station in Montana.

University of Montana education majors compete very successfully for jobs with 93 percent of those with bachelor's degrees and 100 percent of those with graduate degrees finding appropriate positions.

The Department of Social Work is fully accredited by the Council on Social Work Education and is the only Montana school that assures its graduates of a year of advanced standing in graduate schools of social work.

The School of Journalism has had 19 of its students selected as Sears Congressional interns — more than any other journalism school in the country. During the four-month internship, students work for a United States Congressman or Senator and also attend classes.

The Department of Art enjoys a national reputation for excellence in ceramics.

The Department of Drama/Dance has a professional theater group — the Montana Repertory Theater — based on campus. The Montana Repertory Theater, which tours throughout the Northwest, is the only professional Actors Equity company between Minneapolis and Seattle.

A University of Montana student has been chosen to receive a Truman Scholarship for six of the last eight years. The national scholarship is given annually to students committed to a government career who have superior academic ability and leadership potential.

The Department of Anthropology has the largest collection of artifacts and records of pre-history in the region.

The School of Business is the only business school in Montana to be accredited by the American Assembly of Collegiate Schools of Business.

Nearly 47 percent of the business school's accounting graduates pass the Certified Public Accountant Exam on their first try. This is more than three times the national first-time success rate of 14 percent.

The Department of Geology has an outstanding national reputation. In coopera-

tion with Purdue University, a field station has been set up in southwestern Montana. The department also provides hands-on experience for students in the minerals, rocks and paleontology laboratories at the University's Seismic Station and in the Earthquake Research Laboratory.

The Department of Geography has one of the region's best cartography laboratories where students learn to make maps and interpret aerial photography.

The Department of Health and Physical Education is one of a handful in the country that trains students to be athletic trainers. And it is the only program in the state to offer a master of science in physical education.

The Native American Studies program at the University of Montana is regarded by Indian educators as one of the four most outstanding in the nation.

Newly remodeled training facilities in the Department of Communication Sciences and Disorders are some of the finest in the region. People from all over the state come to the center for speech, language and hearing therapy.

The Grizzlies have had five football Academic All-Americans in the last eight years. Most recently, current Grizzly player Rick Sullivan was named to the second team GTE All-American unit. Montana has had numerous Academic All-Americans in basketball and other sports as well. Last season the UM football team had seven All-Big Sky academic selections.

Originally from Bozeman, he attended high school and elementary school in Livingston. His wife's name is Donna.

**Don Read**  
(Sacramento State, 1960)

When Don Read became the 31st head football coach at the University of Montana in December of 1985, he promised he would be a pass-oriented coach and make football fun for the players and fans. Montana's slogan was: "Catch the Feeling — Grizzly Football is in the Air."

And in the air it was as the Grizzlies broke all of UM's single season and individual passing records — compiling an impressive 6-4 ledger.

It was the 13th time in the Grizzlies' 90-year-old football heritage a team has won six or more games in a season. UM won five of its last six games. The Grizzly air attack compiled a school record 3,122 yards passing and 30 touchdowns.

Read, 53, came to UM from Portland State University, where he was head coach from 1981 to 1985 and 1968-71. Sandwiched between the PSU stints were head jobs at Oregon (1974-76) and Oregon Tech (1977-80).

In his first three head coaching jobs at PSU, Oregon and Oregon Tech, he was able to turn losing programs around. Although he wasn't able to produce a winner at Oregon, both PSU and Oregon Tech had drastic turnarounds after Read took over.

In the 1984 season, Read led PSU to an 8-3 record and was named the Division II Coach of the Year after the Vikings won the Western Conference title.

Read's overall head coaching record is 108-102-1 and he is 75-95-1 at the collegiate level. He has 28 years in the coaching profession, beginning in 1959 as an assistant at Placer High in Auburn, California. His first head job was at Petaluma High in California in 1962.

He lives and coaches by personal philosophies. Some of those include: "Success is a byproduct of hard work. Expect players to make a positive commitment to football and other aspects of school life. Football shapes character. A team must always play with emotion and intensity."

Read has written a book, *The Complete Passing Game*, worked football

camps in eight states, and written almost 100 articles for athletic and coaching magazines.

His Oregon Tech teams were nationally ranked in 1979 (9th) and 1980 (7th) and won 15 of his last 18 games there.

At Oregon he coached All-Pro quarterback Dan Fouts of the San Diego Chargers and former pro QB June Jones at PSU. PSU's quarterback Read's final year this past year, Terry Summerfield, is currently playing professional football. UM's QB last season, Brent Pease, was drafted by the Minnesota Vikings in the 11th round in the 1987 NFL draft.

Read earned his undergraduate degree in Social Science in 1960, and his master's degree in Health and Physical Education at Sacramento State two years later.

Don and his wife, Lois, have a daughter, Beth, and a son, Bruce. Bruce serves as a part-time coach at UM, working with the special teams.

## Assistant Coaches

### Tommy Lee Offensive Coordinator/Quarterbacks

Montana's national ranking in offense, especially in the passing game, was largely due to the creative mind of Tommy Lee, and the time and effort he spends in fine tuning UM's quarterbacks. At Portland State he was the offensive coordinator and in charge of recruiting for two seasons before coming with Don Read to UM. He was head coach at Willamette University from 1974 to 1982 and an assistant there the previous two years. He has 10 years of head coaching experience at Central Catholic High School in Portland. At Willamette he was an N.A.I.A. All-American quarterback in 1962, and received his B.A. degree there in 1963 in Physical Education. He later earned his master's degree in education at Willamette. He played for Ottawa in the Canadian Football League. He served as athletic director at Willamette from 1974-82 and was an associate professor there as well. "I like a pro type of offense with emphasis on the passing game, involving the running backs as well as the receivers," Lee said. "That offense has multiple sets with motion. I like to keep things simple with the end results being sound execution," Lee continued. "I also like to establish good rapport with the players and exchange ideas and have good one-on-one relationships with the players and be caring." Lee and his wife, Haunani, have three children. Tommy is 45 years old. One son, Pohai, is a wide receiver at UM.

### Bill Smith Defensive Coordinator/Linebackers

Smith was at Portland State University with Read since 1980, and was defensive coordinator there, until coming to UM in 1986. He has coached virtually every defensive position during his tenure at PSU. He has nine years of coaching experience in the prep ranks in Idaho, Oregon and California. His 1984 PSU team gave up no touchdowns in league play. Smith also handled some of the administrative duties at PSU and does the same at UM, especially in the area of financial aid. He was an All-Coast center at the University of Oregon and graduated from there in 1967, earning a B.A. in History. He received a master's in Education at UO. Smith, 42, played professionally for the Pittsburgh Steelers before being sidelined with an injury. He played junior college ball for his father, Lyle, a former athletic director at Boise State. BSU's football field was recently renamed the Lyle Smith Field in his father's honor. "We try to create a situation defense anticipating what the offense is going to do. Then we can overplay that situation and react to make the play if we get crossed up," Smith said. "I like to put pressure on the quarterback, and hopefully we can get that from our four front people," he said. "Speed is a big factor in the Big Sky Conference, as well as the surprise element. You shouldn't blitz in just third and long situations, but try to be unpredictable." Bill and his wife, Janine, have two children, a son, Riley, 12, and daughter, Ashley, 10.

### Bob Beers Defensive Line

One of the bright spots defensively in '86 for the Grizzlies was the mid-season surge by the defense, especially the defensive front thanks to the efforts of Beers, who returned to his alma mater after a 15-year hiatus. A former University of Montana football great, Beers was an inaugural member of the Grizzly Football Hall of Fame in 1982. He has 17 years of coaching experience, most recently as the head coach at West Linn High School in Oregon. He began his coaching career at his alma mater, coaching the linebackers for UM head coach Jack Swarthout in 1970-71. After that he was an assistant at Montana Tech from 1971-73. He has coached in the prep ranks for 12 seasons, beginning at Butte Central in 1974. He was an All-American at Columbia Basin Junior College and at Montana (1967-68). Beers, 40, is a 1970 graduate of UM with a degree in History and Health, Physical Education. His record as a high school coach was 64-35. "I think coaching is like teaching and is an educational experience that you want to make as positive as you can for the young men you coach," Beers said. "I want to make it a positive experience playing football and going to school at the University of Montana." Beers and his wife, Janelle, have a boy, Bobby, 14, and a daughter, Cari, 13.

### Vic Clark Offensive Line

Vic Clark, former assistant football coach at Kentucky Wesleyan College in Owensboro, is in his third year as the offensive line coach for the Grizzlies. Clark, 39, has 16 years of coaching in college and secondary schools in the Midwest. He and Billy Mitchell started the Kentucky Wesleyan football program from scratch three years ago. Prior to taking the position at Owensboro, Clark was head football coach at Pekin High School in Illinois. He was there three years, from 1980-82. In 1979 he coached at Campbellsville High School in Kentucky, where he coached a team that was 1-9 the previous season to a 9-1 record and a berth in the state playoffs. He was Conference and District Coach of the Year for his efforts. From 1977-79 he was head coach at Grayson County High School in Kentucky. Clark received his B.A. degree at Indiana State in 1971 in Earth Sciences and Geography. He earned his master's at Louisville in 1977. "I'm very much a believer in creating a positive environment to get positive responses from the players. I used to say positive things all the time, but now I feel the players should earn it. I try to task analyze what my players need to do and work in practice to mimic what an athlete needs to do in a game. All my drills are geared that way." Clark and his wife, Karen, have a four-year-old daughter, Jennifer, and a son, R.T., a one-year-old.

## Assistant Coaches

### **Jerome Souers** *Defensive Backs*

Souers (pronounced Sow-Ers) has 12 years of coaching experience, beginning at the high school level in Oregon. Before coming to UM, the 29-year-old was the secondary coach at Portland State for two seasons. He was the defensive coordinator and secondary coach at Western Washington for a season before coming to PSU, and he coached at "AAA" prep level for eight years before that. His high school stints were at North Eugene and Willamette High Schools. His father, Dwight, was a successful, well-known coach in Eugene. Jerome earned a B.A. in Physical Education at Oregon in 1983 and earned his masters in P.E. at PSU in 1985. His wife's name is Paula. "We believe in playing aggressive, hard-nosed defense," Souers said. "We keep it simple, work hard at technique, and keep the emphasis on execution of our coverage responsibility."

### **Robin Pflugrad** *Wide Receivers/Running Backs*

Pflugrad (pronounced Flew-Grad) will wear more hats this season as he coaches the wide receivers/running backs and also serves as UM's academic coordinator. He was a standout wide receiver at Portland State during the Neil Lomax era and was team captain and a second team Academic All-American in 1979. From 1983-85, he coached the wide receivers, was responsible for the skill positions in the kicking game and Director of Football promotions at PSU. His Mt. Hood Junior College teams were 20-2 in 1976-77 and 1st in the nation in '77 when he was all-conference. He was receiver and secondary coach at South Eugene High School in 1982 and has served as a coach and counselor in football camps since 1981. He received his B.S. degree at PSU in Business Administration in 1980 and his Oregon Teacher's Certificate in Business Education in 1984. He and coach Jerome Souers played high school football together at South Eugene High. Pflugrad, 29, is married to the former Marlene Smith. They are expecting their first child this fall. "I feel that a 4.6-4.7 (speed in the 40-yard dash) kid can become a complete receiver," Pflugrad said. "I can relate to those kids. The important thing for a receiver is to catch the ball with your hands. If you can do that then you can catch it with your body. I am also a stickler on downfield blocking and spend a lot of time in that area," he said. "We go beyond players being just eligible to play and push them to realize they can also be an academic All-Big Sky player. We strive for academic as well as athletic excellence."

## OUTLOOK: 17 Starters Return

After surprising several teams with a wide-open passing attack and vastly improved defense, you can bet the University of Montana's 1987 foes won't take the Grizzlies too lightly.

Montana returns 17 starters from a year ago, led by first team All-Big Sky Conference offensive tackle Larry Clarkson and second team defensive end Pat Foster.

The Grizzlies were 6-4 overall last season and 3-4 in league.

**Mike Rankin (left) and Rick Sullivan**

The previous season UM was 3-8 overall.

Perhaps the No. 1 key for UM this year will be replacing record-setting quarterback Brent Pease and wide receiver/punter/returner Mike Rice on offense. Also gone on offense is all-league tackle Shawn Poole.

Pease rewrote the passing record book at Montana, breaking several of Marty Mornhinweg's single season and single game passing records. He passed for 3,056 yards and 30 touchdowns and led Division 1-AA in total offense with 309.4 a game. He was picked by the Minnesota Vikings in the 11th round of the NFL draft.

Rice, a two-time All-American at UM, had 64 catches for 1,047 yards and 13 TDs, the two latter being school marks. He averaged 40.5 yards per punt and led 1-AA the previous year with a 44.7-yard average. He was chosen by the New York Jets in the 8th round.

The frontrunner for the QB slot appears to be second-year frosh Scott Waak, a 6-3, 190-pounder. He could be pushed by JC transfer Tim Winter or fifth-year senior Scott Werbelow.

Senior Tony Lambert is an honors candidate at wide receiver and had 569 yards receiving last season. Tight ends Paul Lamb, Brad Salonen and Rob Kunka all return.

On the offensive line guards Bill Venard (also an honors candidate) and Kirk Scrafford are back, along with center Scott Hartman. Hartman was an honorable mention all-leaguer in '86. Soph Tim Polich or JC transfer Tim Bradford will start at the other tackle slot.

In the backfield Mike Ehlers, Jody Farmer and Renard Coleman are back. Junior John Huestis will also see plenty of time at fullback.

"Potentially we are a better football team," said second-year coach Don Read. "We have a good core of returning guys. Overall we will have good quickness at receiver and in the backfield. No blazing speed, but solid.

"With our experience and a year in the conference, plus our kids know the system, all things point to a good overall year," Read said. "The big question is Pease and Rice. We're definitely going to have to be better as a team.

"Last year versus this year is that our schedule is tougher and we'll know right off the bat how good we are since Portland State, NAU and Reno will all be good," Read said. "That will put more pressure on the quarterback and the overall team."

Not only are nine starters back on defense, but so is ILB Mike Rankin, who had 71 tackles as a freshman starter. Rankin missed last season with a knee injury.

Rankin, honors candidate Demidric Cooks (57 tackles), and juniors Kevin Bartsch (43TT) and Clay Clausen (21TT) make linebacker a solid position.

But, just as talent-laden is the defensive front, where all four starters return. Back with All-American candidate Foster are junior tackles Rick Sullivan and Jason Ray who started all 10 games in '86. Sometime starter Ward Crawford, letterman Greg Giannini and redshirts J.C. Campbell and Scott Camper will all add quality playing time.

"We are visibly more improved, as anticipated, on defense," Read said. "That reflects on the kids being in our system and good, solid recruiting. We are adding more to our schemes, and have added confidence. Our defense improved game-by-game last season."

The secondary returns good personnel, including *Football News* All-American Tony Breland, who led the secondary with 60 stops and was 26th in the nation with 5 interceptions. Starters David Reeves, Greg Nygren and Scott Smith add quality depth, as does senior Nate Odden.

JC transfer Quenton Richardson and transfer Tim Hauck will both push the incumbents for starting roles.

The kicking game is a big question mark with Lamb or Farmer handling the punting. JC transfer Jake Schloesser is inexperienced at the collegiate level. "You don't replace Rice," Read said, "you just hope someone picks up the slack."

Read said, "Reno looks like the team to beat again, but NAU, Idaho and the rest will be tough on any given day."

## All-American Candidates

### **LARRY CLARKSON, OFFENSIVE TACKLE** **6-7½, 308, Sr. from Abbotsford, B.C.**

A first team Associated Press All-American last season, Clarkson is considered one of the top candidates for the National Football League in the West this year.

He has good strength and runs a consistent 5.0-5.1 in the 40-yard dash. A fifth-year senior, he has started every season since redshirting as a freshman. He has started at both tackle and guard during his career.

Not only was he an All-American in 1986, but he was also an All-Big Sky Conference first-teamer and shared the Paul Weskamp Award, presented annually to the Outstanding Offensive Lineman at UM.

He has started in 32 consecutive games, 21 of which have been at offensive tackle.

"Larry is potentially the best offensive tackle I've been around," lauded UM head coach Don Read, who has 17 years of college coaching experience. "He has excellent feet, good strength and his technique is improving rapidly.

"I can visualize him as being one of the top three NFL draft picks at his position this year," Read said.

Read continued, "I think he will be a dominant player in the Big Sky Conference and a team leader. He is equally as effective in blocking for the run and for the pass. I've coached two athletes who made it to the pros at offensive tackle, and I think he is a better player than them."

His potential in the professional ranks was evident in February of 1987, when he was the 7th overall pick of British Columbia in the Canadian Football League draft.

### **PAT FOSTER, DEFENSIVE END** **6-5, 245, Sr. from Savage, Montana**

A two-time winner of Montana's Larry Miller Award which is given every year to the team's Outstanding Defensive Lineman, Foster has started his last 21 games.

In 1986 he was a second team All-Big Sky Conference choice and led the defensive line with 55 tackles, including 28 unassisted stops. He had a team-high 10 tackles for losses of 37 yards, and five sacks.

Two seasons ago he was the No. 2 tackler on the defensive line with 63 stops at defensive tackle. Since that season UM has gone from a 3-4 to a 4-3/5-2 defensive front alignment.

"I think Pat is one of the premier Division 1-AA defensive linemen in the country," Read said. "He is extremely agile, aggressive and has a great attitude. He is one of the toughest competitors I have been around.

"One thing that he possesses is a burning desire to win," Read said. "He is popular with players and coaches. He is strong against the pass and a very effective pass rusher. He's dropped some weight (about 15 pounds) from last year, and it's made him even quicker. He is potentially our 1987 quarterback sack leader."

## 1987 Honors Candidates

### **Demidric Cooks, Middle Linebacker** **6-2, 235, Sr. from San Jose, CA**

The second leading returning tackler with 57 tackles in '86, "Cookie" split starting time last year, but 1987 will be a different story. At 6-2, 235, Demedric runs a 4.8 in the 40 and will call the defensive signals at UM this year. He started his college career with 12 tackles against Nevada-Reno, 7 of which were unassisted. He was the co-winner of the Golden Helmet Award (hardest hitter) last year. "He is as fine of a linebacker as I've had the opportunity to coach," said defensive coordinator/linebacker coach Bill Smith. Not only does he have the physical tools, but his experience playing other positions (tight end, fullback) enable him to anticipate and react to what the offense is doing. He is a leader who the other players respect. We anticipate him being a deciding factor for us in some games this season."

### **Tony Breland, Strong Safety** **6-2, 190, Sr. from Renton, WA**

Montana's leading returning tackler, Tony was a 2nd team *Football News* All-American last season. He had 60 tackles and was one of the top interceptors in Division 1-AA with .50 a game and also forced three fumbles. He has started at cornerback and both safety positions at UM since his sophomore season. He had 10 tackles against Idaho and Northern Arizona in 1986. "Tony's size, speed and nose for the football give him tremendous range," said Jerome Souers, UM's secondary coach. "Having played corner and free safety greatly improves his ability to anticipate. His ability to play run and the pass can be seen by his statistics last season. We expect Tony to cap his senior year with a great season."

### **Tony Lambert, Wide Receiver** **5-10, 175, Sr. from Steilacoom, WA**

Tony had a superb junior season with 569 yards and 5 TDs in 1986. His 569 yards ranks him 7th in single season receiving yardage. He caught a pass in every game last season and had three or more in seven games. He had 6 catches for 152 yards and a TD against NAU and 8 for 121 and two scores vs. Idaho State. His 4.4-4.5 speed in the 40 gives him professional-type speed. "Tony's speed and emergence into a dynamic passing offense gives him two of the things he needs for success," said Robin Pflugrad, wide receiver coach for the Grizzlies. "He is a very coachable player on and off the field and strives to improve himself daily. I look forward to great things happening to Tony his senior year."

### **Bill Venard, Offensive Guard** **6-3, 256, Sr. from Albany, OR**

The iron horse at UM, Bill played in every offensive series last year, except one. He has started at guard and center at UM and could play tackle, if needed. He also handles deep snaps when needed. "Bill's consistency and durability are his strengths," said offensive line coach Vic Clark. "He could have played every play of every game if he hadn't taken himself out of one game in which we were way ahead. He stepped in for us last year and played center and handled snaps when Scott (Hartman) was out. He has an excellent football mind and is a solid leader in a doing way, not a rah-rah way."

## Grizzly Trivia

**Jerry Williams**

**Brent Pease**

**Dick Imer**

On successive weeks in 1971 the Grizzlies hosted Idaho State and University of the Pacific. Those two teams' coaches that year, Ed Cavanaugh at Idaho State and Pacific's Homer Smith, would both go on to be head coach at West Point.

From 1949 to 1969 the Grizzlies never won the week after their annual battle with the Bobcats. By contrast the four years Gene Carlson was Grizzly head coach, from 1976-79, the Grizzlies won each year the week after the Bobcat game.

The Grizzlies have compiled a 56-77-1 record in Big Sky league play since the league was formed in 1963.

The Bobcats and Grizzlies had never both been in the same football league until they were charter members of the Big Sky Conference in 1963.

A win over the Bobcats this year would be the Grizzlies' fourth of the 1980s, the most they have had in a decade since the 1950s. The Griz managed only three wins in both the 1960s and 1970s.

Marty Mornhinweg, the Grizzlies' all-time leading passer, had an international flavor in the beginning and ending of his career. He played his first game for the Griz against a Canadian team, Simon Fraser in 1980, and ended his career playing against Army in Japan in the Mirage Bowl in 1984.

The Grizzlies are the only Big Sky Conference school not to have been involved in a game decided by the tie-breaker. The Grizzlies have had only one game end in a tie since the tie-breaker system was instituted and that was against Eastern Washington in 1984. Ironically enough EWU is now a league member.

The 1937 Grizzlies were 7-1 and allowed only 28 points for the entire season. No team broke into double digits on the '37 team.

Grizzly coaches have had some notable coaching assignments after leaving Missoula:

Bernie Bierman headed the Griz from 1919-21, then went on to coach the Minnesota Gophers from 1936-50, win two national champions and produce a Heisman Trophy winner, Bruce Smith.

Bernard Oakes coached at Montana from 1931-34 and then was head coach at Wyoming from 1941-43.

Jerry Williams was Grizzly head coach from 1955-57 and went on to be head coach at Calgary of the CFL from 1964-68 and the NFL's Philadelphia Eagles from 1969-71.

Larry Donovan, who headed the Montana program from 1980-85, is currently an assistant with the British Columbia Lions of the CFL.

The Grizzlies have not shut out an opponent since they blanked Northern Arizona 27-0 in October 1974, a span of 130 games.

The Grizzlies' six wins last season under Don Read marked the second most wins by a first-year Grizzly coach; only the 7-3 record of Jack Swarthout's 1967 team was better for first-year coach.

The 1986 Grizzlies were only the fourth team in the school's history to win more than four games after Oct. 15, only the 1947, 1969 and 1970 teams were able to equal that mark.

Finishing with three wins in 1986 marked the first time since 1970 that the Grizzlies have ended the season with that many victories.

Read became the first first-year head coach to claim a victory for the Grizzlies over the Bobcats since Jerry Williams in 1955.

In their 90-year football history the Grizzlies have scored 11,407 points while allowing 13,123. Dick Imer scored the 5,000th point in a win over Colorado State in 1953 while Dean Rominger scored the 10,000th in a 1981 win over Portland State.

The Grizzlies played the first Big Sky football game ever, losing 14-13 to Idaho State in Missoula on October 12, 1963. The Griz secured their first-ever league win with a 20-12 victory over Weber State on October 17, 1964.

Jack Elway of Stanford and Dave Kragthorpe of Oregon State may be Pac-10 head coaches now but both spent time as Grizzly assistants in the 1960s.

## Grizzly Trivia

**W**ashington State Cougar head coach Dennis Erickson and his scheduled starting quarterback Timm Rosenbach have a similar Grizzly connection. Both Erickson and Rosenbach's fathers were Grizzly assistants. Pinky Erickson coached the defensive line in 1967 and Lynn Rosenbach coached the Griz from 1980-82.

In 1955 the Jerry Williams-coached Grizzlies defeated the Wally Lemm-coached Bobcats 19-0. Williams and Lemm would meet again as opposing head coaches in 1970 when Williams was head coach of the Philadelphia Eagles and Lemm was head man of the Houston Oilers, Williams again prevailed—this time 23-14.

In their football history the Grizzlies have won 293 games. The 100th win in a 25-0 victory over the Bobcats in Butte in 1934. Win number 200 came in a 20-0 decision over Idaho State in 1967.

The Grizzlies football team has never faced a Heisman Trophy winner, but the Grizzly basketball team has. In 1962-63 basketball season the Griz cagers faced Oregon State which featured Terry Baker who the previous fall had been the Heisman winner.

In a 24-game stretch from late in the 1963 season until the middle of the 1966 season the Grizzlies did not successfully kick a field goal.

From 1964-1967 seasons the Grizzlies were 2-23 in the field goal kicking department.

The 1947 Grizzly football teams averaged well over 24 years of age. In contrast the 1987 Grizzlies average just over 20 years old.

Terry Dillon played for the 1963 College All Stars that defeated the Green Bay Packers 20-17, the last college All-Star team to beat a pro champion in the annual game in Chicago.

Brent Pease is the first Grizzly quarterback to be drafted into the NFL as a quarterback (Minnesota Vikings, 11th round, 1987).

Current NFL quarterbacks Tommy Kramer of the Minnesota Vikings and Neil Lomax made their collegiate football debuts against the Grizzlies. Kramer for Rice in 1973 (the Owls beat Montana 21-10) and Lomax for Portland State in 1977 (Lomax and company were defeated 40-25.)

Current Portland State head coach Pokey Allen was the Grizzlies' defensive secondary coach from 1977-79. In the Montana-Portland State game in 1977 Allen's defensive backs picked off eight Viking passes.

Allen is a former Missoula Spartan star from the early 1960's. He also has coached against the Grizzlies as co-head coach at Simon Fraser from 1973-76. Allen was 2-2 against the Griz while at Simon Fraser.

Current Philadelphia Eagles head coach Buddy Ryan was the defensive coach for the University of Pacific Tigers in 1967 when they came to Missoula. The Grizzlies used two punt returns for touchdowns and an interception return to beat Pacific that day 21-7, but couldn't gain more than 100 yards on Ryan's defensive unit.

The last three University of Montana Presidents have all come from schools that are members of the Mid-American Conference, but the Grizzly football team has only played one team from that league, that was a 1964 encounter with Western Michigan.

Tony Knap is the only coach to have faced the Grizzlies as head coach at three different schools. Knap was 10-1 against Montana as head man at Utah State, Boise State and Nevada-Las Vegas from 1963-1981. He faced five different Grizzly head coaches.

The 1937 Grizzlies were in line for a Cotton Bowl bid before a late season loss to Idaho derailed their plans. Colorado got Montana's bid. Colorado's star that year who wowed them at the Cotton Bowl was Bryon "Whizzer" White (now a Supreme Court Justice.)

Williams was the Grizzlies head coach from 1955-57, but he was not the only member of his family to leave their mark on University of Montana sports. Jerry's niece, Margaret, was one of the stars of the Lady Griz for the past four years. Margaret played in more Montana victories (101) than any other men's or women's basketball player in the school's history.

# Big Sky Conference

The Big Sky Conference was formed in February 1963, when the presidents and athletic directors of six Rocky Mountain universities met in Spokane. The original conference members were

**Ron Stephenson**

Gonzaga, Idaho, Idaho State, Montana, Montana State and Weber State. Gonzaga entered the conference as a non-football playing school.

The conference derived its name from a pair of Montanans and a Washington sports editor. A. B. Guthrie, Choteau, Mont., wrote a novel titled "The Big Sky," and Jack Hallowell, former Montana State advertising director, promoted the Big Sky theme as a nickname for the state. Harry Missildine, former Spokesman-Review sports editor, picked up the name and in a sports column

promoted the name Big Sky as the name of the conference. On Feb. 25, 1963, the conference adopted the name—Big Sky Athletic Conference.

In 1970 the conference expanded to include Northern Arizona University, Flagstaff, Ariz., and Boise State College, Boise, Idaho. Both entered as football playing schools.

Nevada-Reno became a member of the Big Sky July 1, 1979. Eastern Washington became the newest member of the league, joining in 1987.

Jack Friel became the first commissioner in 1963, and the offices were established in Pullman, Wash., Friel's home. Following Friel's retirement in 1971, the offices were moved to Boise, Idaho, and John Roning was named commissioner. Steve Belko was named commissioner and assumed duties July 1, 1977, following Roning's retirement.

Ron Stephenson became the fourth Big Sky commissioner in May, 1981. A native of Idaho, Stephenson was formerly the assistant athletic director at Boise State. He has 21 years of working experience in intercollegiate athletics as a student, coach and administrator.

Arnie Sgalio has served as league information director since 1979. He is a 3rd vice president of the College Sports Information Director's of America (Co-SIDA).

## Grizzly Awards

Each year five outstanding University of Montana football players are recipients of awards.

The Terry Dillon Award, honoring the outstanding back, was established in 1964 following the accidental death of former Grizzly Terry Dillon. Dillon played defensive and offensive halfback for UM from 1960 to 1962. He started at defensive halfback for the National Football League Minnesota Vikings.

The Paul Weskamp Award was established in memory of Paul Weskamp, a tackle on Ed Chinske's 1954 Grizzlies. The award honors UM's outstanding lineman and was established by the citizens of Ronan, Mont.

The Golden Helmet Award honors the hardest hitter on the team. It was set up on a nationwide basis by the Coca-Cola Company in 1967.

The Larry Miller Award is given in memory of the great Grizzly lineman and wrestler who competed for UM in 1969 and 1970. Miller died in an automobile accident in 1974. The award honors the teams' outstanding defensive lineman.

The Steve Carlson award is given to the teams' most valuable player in memory of the former Grizzly football player who died in 1977.

Pat Norwood was a four-year starter at offensive tackle for the Grizzlies 1978-82 from Billings, who died of cancer in 1983. This award is given to the Most Inspirational Player, who often times had to overcome an injury.

**Tailback Greg Iseman became the third Grizzly player in history to rush for more than 1,000 yards in a season in 1982—gaining 1,075. That total is second only to Steve Caputo's 1,253 yards in 1971. Iseman set UM's single-season scoring record with 84 points and 14 touchdowns in '82.**

# Washington-Grizzly Stadium

The dream became reality on Saturday, October 18, 1986 when beautiful Washington-Grizzly Stadium was inaugurated with a come-from-behind 38-31 victory over Idaho State.

The dream started more than 10 years ago.

In conjunction with the stadium additional parking and practice fields were built. The new practice area is the equivalent of four full-size football fields and enables the Grizzlies to practice on campus. A 200-space parking lot is south

head coach Don Read. "The word is out that we have one of the top facilities in 1-AA football in the country.

"It is a neat facility to play in," Read continued. "The turf is great, plus it's an excellent place for the spectators and gives them an ideal perspective of the game. Everything about it is first class."

**Washington-Grizzly Stadium**

The stadium was in the proposal stage in 1976. Four years later — in 1980, a Regional/Urban Design Assistance Team (R/UDAT) study for facility need was implemented.

In January of 1984 UM hired the local architect firm of Fox, Ballas and Barrow.

After the UM Foundation began initial fund raising along with the University of Montana athletic department and Grizzly Athletic Association, the project got the boost it needed to become reality.

In August of 1985 Missoula businessman and stadium namesake Dennis R. Washington donated a major gift of \$1 million in the name of the Washington Corporation. Just four months later, in December of 1985, excavation crews began work.

The stadium excavation consisted of moving 70,000 cubic yards of dirt, which places the stadium playing surface about 20 feet below ground level. An estimated 4,500 yards of concrete was poured in the construction.

At the peak of its construction there were 180 craftsmen employed on the project and 27 contractors, 24 of whom were from the state of Montana.

## SEAT SPONSOR PROGRAM STILL AVAILABLE

People interested in contributing to the University Seat Sponsor Program may still do so. For a gift of \$500 or more giver(s) will have their name(s) placed on a memorial wall located outside the stadium's West side entrance.

of the stadium.

A 14,089-seat, natural grass stadium, the facility was paid for exclusively by private funds, the majority coming from Montanans, and of course the Washington Corporations.

The field area inside the stadium is 182 feet wide and 402 feet from end-to-end. The locker-room area is about 65 feet by 145 feet and located under the west side.

There are 39 private boxes on the east and west sides, 35 of which have been sold. These boxes are individually decorated by their respective owners.

The press box is located above the private boxes on the west side and includes radio and TV booths, print media seating, coaches' boxes, public address booth and an area for the scoreboard operators. The Missoula Homebuilders Association built the press box, primarily with volunteer labor. Coca-Cola donated the scoreboard which was installed on the South side of the facility.

"There is not a better facility in the Big Sky Conference and Washington-Grizzly Stadium is something all Montanans can be proud of," said UM Athletic Director Harley Lewis, who worked on a major facility for UM since his tenure more than 10 years ago. "It is especially nice for our students, staff and the community. It was a long time coming, but definitely worth the wait."

The stadium has the adaptability to be expanded to 20,000 seats and also be domed, Lewis said.

"Washington-Grizzly Stadium has been a tremendous plus for us not only for recruiting, but also from a motivation standpoint," said UM

## Dennis R. Washington

In August of 1985 Missoula businessman Dennis R. Washington and the employees of the Washington Corporations brought UM's quest for a football facility to reality by contributing the largest corporate gift in the history of Montana — \$1 million. In recognition of Washington and his companies' gift, the stadium was named Washington-Grizzly Stadium.

Born in Spokane, Washington, Dennis Washington began work in the construction business the summer of his 15th birthday, going to work for his uncle, Bud King. The next 15 years saw him rise from foreman to project superintendent and finally Vice President of King-McLaughlin Construction Company.

In 1964 he resigned and formed Washington Construction with a \$30,000 loan and a leased tractor. The rest, as they say, is history. . . .

The Washington Corporations have since diversified from highway construction, to rental and transportation of heavy equipment, open pit mining, dam building, and most recently the Anaconda Mineral Companies' Butte properties.

Washington Corporations, headquartered in Missoula, now ranks 33rd among the nation's leaders in heavy highway construction. The operation extends in all states west of the Mississippi with 1,200 employees.

Dennis and his wife Phyllis have two sons, Kyle (17) and Kevin (14).

## Voice of the Grizzlies

"Grizzly" Bill Schwanke returns as the voice of the Grizzlies for his 15th year as the play-by-play announcer for University of Montana sports. It will be KYLT Radio's 16th year of broadcasting Grizzly athletics and serving as UM's official station. Schwanke is a former sports editor of The Missoulian newspaper and a former sports information director at UM. He is a 1967 graduate of UM. He has been the Montana Sportscaster of the Year six times and was the 1977 Ed Chinske Award winner, honoring Missoula's outstanding sports professional. Former Grizzly assistant football Joe Yeager begins his first season as the color commentator for Montana football. He was UM's offensive line coach from 1982-84 and is a real estate agent in Missoula.
